## ACADEMIC LEADERSHIP

---

### **Founder, COMputation Island**

An online platform for computational communication research (CCR) on WeChat (10,000+ followers) 2021–present

- Organized this platform to share cutting-edge research in computational social sciences, facilitate academic discussions, and promote resource exchanges to students and scholars in Asia and other regions.
- Wrote and edited articles to introduce computational social science studies, methods, and resources to students and scholars in communication, political science, and other disciplines.
- Led and managed the platform maintenance, editor recruitment, editorial work, and platform outreach.

### **Co-chaired panel “Video-as-Data in Computational Communication”**

72<sup>nd</sup> Annual Conference of the International Communication Association (ICA) May 2022

- Proposed this panel with Prof. Kaiping Chen from University of Wisconsin–Madison.
- Invited international scholars from ten institutions to share their frontier works with analysis of large-scale video datasets in political and science communication.

### **Co-chaired panel “Propaganda in the Computational Age: Disinformation and Beyond”**

70<sup>th</sup> Annual Conference of the International Communication Association (ICA) May 2020

- Proposed this panel with Prof. King-wa Fu from the University of Hong Kong.
- Invited international scholars from seven institutions to present their frontier works on computational propaganda and disinformation in political communication.
